BAY TREE
OVEN CLEANING

WELCOME

Having spent the last 10 years working with ovens as a busy chef, George is now loving running his own business, cleaning ovens in Dorset and Somerset. Working with a professional dip tank and fume free chemicals he transforms even the dirtiest of ovens, leaving them ready for immediate use.

It takes time to clean an oven thoroughly. A single oven takes approximately 3 hours and a range between 4-5 hours.

TESTIMONIALS

"I just want to say a big thank you to George for the fantastic job he did on my oven. I'm not sure he'd seen anything quite so bad but after several hours of hard work, it looks as good as new! And I'm not letting anyone use it now!"
- Sherborne, Feb 2020

"Fabulous! It is like new again. Very pleased."
- East Knoyle, Nov 2019

"Just had my oven cleaned by George at Bay Tree and I cannot tell you how impressed I am with the finished result. I was able to get an appointment within 48 hours which I was really excited about and overall really impressed with the whole service." - Sherborne, Feb 2020

"Wow I set George a massive task this morning with my oven and he has done such an amazing job."
- Yeovil, Dec 2019

"George arrived promptly and was very professional and knowledgeable. The van was fully equipped to do the majority of cleaning on board which meant there was no odour in the house and I now have an oven which looks brand new again!"
- Leigh, Dec 2019

"Thank you for cleaning our oven, which after years of neglect now looks as good as new. Happy to recommend your firm and will definitely use you again."
- Gillingham, Nov 2019

"Excellent service, professional, polite and thorough. Our oven looks like new. Thank you!"
